

Dr. Sudarshan Tamang, Assistant Professor, Department of Chemistry was invited to deliver the keynote address on 'Quantum Dots' in the Sustainable Process and Nanomaterials session at the 22<sup>nd</sup> International Nanotech Symposium & Exhibition, NANO KOREA held at KINTEK, Korea on 4<sup>th</sup> July, 2024. The NANO Korea is a prominent event in nanoscience and nanotechnology, recognised for promoting research exchange and personnel collaboration since 2003. According, to Dr. Huisuk Yun, Chairperson of NANO KOREA 2024, the previous year's symposium drew 1108 scientists from 23 countries and 188d attendees. This global event provides a vital platform for scholars, researchers and industry professionals to collaborate, present innovative research and explore advancements in nanotechnology. The high attendance from various countries highlights the symposium's international appeal and its significant role in advancing nanoscience. Dr. Sudarshan Tamang has also been appointed as the Associate Editor of the Journal of Information Display for the period from 1<sup>st</sup> January 2024 to 31<sup>st</sup> December, 2025.

The Vice-Chancellor and the members of the University congratulate Dr. Sudarshan Tamang.
